Dear Mr. Weisberg -

~~Dear Mr.~~ Congratulations on Whitewash II. It's superb. I am about to begin a 9 month intensive analysis of the assassination as part of a Political Science Honors program at the University of California. I'm hoping to get a research grant, and if I do I'll be in Dallas this Spring for about 3 weeks and in Washington all summer. I look forward to meeting you again and discussing my work with you. I'm particularly interested in formulating and supporting a thesis as to who was involved in the conspiracy and why. Your book was and will be a great help. How can Whitewash III be better than a stupendous Whitewash I, and a superb Whitewash II?

Sincerely yours,
Ted Siminoski
